MINTED – MINT LEAF

Giving Benares a run for its money in the race for top Indian restaurant with an eye on design as much as on the menu is Mint Leaf, a cavernous restaurant that blends dark wood, leather and stone with softer touches in the flowers and flickering candles. Head Chef KK Anand's menu features dishes inspired by the seafood of the south of the Indian continent and meat from the north, with signature dishes including cod in a green herb marinade and Tandoori Rabbit. There is a fabulous cocktail bar too.
